REVIEW OF FEB 22ND KIDS EVENT By TOYSINBOX PEOPLE

For the first time, the number of girl sellers exceeded the number of boy sellers. No wonder more girl stuff were on sale this time. In addition, we noticed that more trades happened among the kid sellers than last event. Lastly, two kid sellers wrote and distributed coupons on the spot. Fantastic!

GREAT PEOPLE'S EARLY AGE ENTREPRENEURSHIP (1) By TOYSINBOX PEOPLE

Andrew Carnegie and Rabbits

Andrew Carnegie made his fortune in steel. His first business venture started

when he was a boy back in Scotland trying to get his rabbits fed.

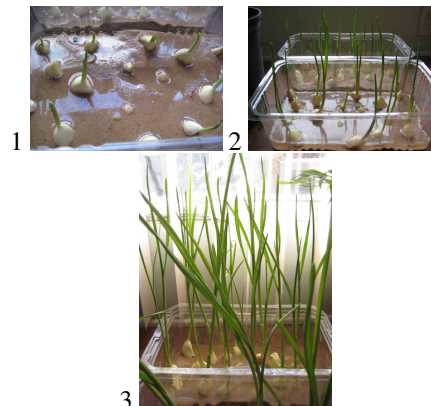

He told his friends if they gathered food for the rabbits, in return, he would name the young rabbits after them. His friends were happy to gather dandelions and clovers for a season conditioned upon this return. What a brilliant win-win idea!

FUN THINGS TO DO (1)

By J.Y.

Indoor Garlic Planting

Garlic is very easy to grow. It almost immediately sprouts and grows very fast. In 15 days, the tallest plant is 18 inches tall. The average length of my crop is 12.77 inches. The sprouts have a spicy while sweet flavor and is a really good substitute for onions. Once you cut the sprouts off, they grow back again! Picture 1 shows my garlic crop in day 3. Picture 2 is for day 7. Last picture was taken on day 15.

THE TOY OF THE MONTH

By TOYSINBOX EVENT SELLER J.Y.

Tangrams

Tangrams are fun. You put the pieces together into shapes. The classic tangram makes a square. However, some modern tangrams can be heart shaped. You can make animals, shapes, and plants etc. Tangrams are fun to play and have endless possibilities.
