ZERO DOLLARS

## HELLO, I'M TOYSINBOX TIMES!

I am an Austin-originated kids newspaper sold at Toysinbox 3D Printing Store, Toysinbox.com and Toysinbox events at zero dollars. I absolutely adore toys, crafts, books, fun activities, and KIDS ENTREPRENEURSHIP!

My passion is broadcasting everything about Toysinbox and kids business adventures. Each month, I will report exciting news at Toysinbox, interesting things to do for kids, and enlightening kids business adventures. So be sure to read the fabulous articles in this issue.

### FUN THINGS TO DO (18)

By TOYSINBOX PEOPLE

#### Watch 3D Printed Powercell Shelf in Use

In this Fun Things to Do issue, we will introduce a cool video clip showing a Powercell shelf we 3D printed is put in use. The Powercell shelf was designed by Christopher Sullivan from Massachusetts Ghostbusters. We manually built the supports to make the 3D print as good as possible. The video clip was created by his group. It is fun to watch. However, if you do not like loud sounds, this video may not be good for you.
