### GREAT NEWS By TOYSINBOX PEOPLE.

#### TouchTomorrow Science Festival

Toysinbox 3D Printing was in TouchTomorrow hosted by Worcester Polytechnic Institute on June 13, 2015. This science festival was held in WPI's state-of-the-art sports and recreation center and drew thousands of people with STEM-minds. Surely, Toysinbox 3D printing activities attracted a lot of people. One mom told us she had waited in line for one hour and nine minutes. She was glad to see all her daughters trying 3D printing. How amazing! Pic1 shows the crowd in the building we were located. Pic 2 shows that there was a long line in front of our booth. With so many visitors, we did not have time for lunch!
