MARCH, 2016

ZERO DOLLARS

HELLO, I'M TOYSINBOX TIMES!

I am an Austin-originated kids newspaper sold at Toysinbox 3D Printing Store, Toysinbox.com and Toysinbox events at zero dollars. I absolutely adore toys, crafts, books, fun activities, and KIDS ENTREPRENEURSHIP!

My passion is broadcasting everything about Toysinbox and kids business adventures. Each month, I will report exciting news at Toysinbox, interesting things to do for kids, and enlightening kids business adventures. So be sure to read the fabulous articles in this issue.

ANNOUNCEMENT By TOYSINBOX PEOPLE

April 3D Printing Exploration at Leominster Public Library

The Leominster Public Library invites Toysinbox 3D Printing to offer a 3D printing exploration program on April 21st, from 1pm to 3pm. The library offers this event, free to the general public. Please contact the library for registration.

3D Printing at Cambridge Science Festival

Toysinbox will be in the Cambridge Science Festival on April 20th and April 22nd. We have many Cambridge Science Festival brochures in our store, free for anyone who wants one. It is filled with great content and contains information on many STEAM related events this April. You can pick up a copy when we are open or get it from the front door if we are closed. The events inside the brochure will add more fun to your April vacation week. The Cambridge Science Festival is a great free event for your family to go to. We had loads of fun there and so will you!

3D Printing at BPS Science Fair

Toysinbox will be in the Boston Public School science fair activity expo on March 5th, 2016. This is the second time that Toysinbox attended. To our great joy, we even met some students who tried our 3D printers in the same fair last year. They were happy to see us again. Luckily, we prepared some new content and the students really enjoyed it. Please see the picture.

Thanks for Reading and See You Next Month!
